

THE SCIENTIFIC METHOD

- 01** Make an observation.
- 02** Form a hypothesis.
- 03** Perform experiment.
- 04** Analyze data.
- 05** Report findings.
- 06** Communicate results.

EXPERIMENT REPORT

Today my challenge is:

Experiment Date:

What problem do I need to solve?

What materials do I need?

What are some solutions?

EXPERIMENT REPORT

Today my challenge is:

Experiment Date:

Design - What is my plan?

EXPERIMENT REPORT

Today my challenge is:

Experiment Date:

Test your plan! Does it work?

What changes can I make to my plan?
